THE TESTER REPORT THIS ERROR

Bug in use case UC35 Sponsor lists and creates sponsorships

Description

When you are **authenticated as a sponsor** and you are trying to create a new sponsorship, if you introduce in the input Banner this URL: `http://a.com" onerror="alert(1)"`, you should be able to do it. Then if you display the Sponsorship you have been created, nothing wrong will happen.

We have injected a bug that you will be able to introduce the URL. However you will see an alert of javascript like this, when you are displaying the Sponsorship you have been created.

THE TESTER DIDN'T REPORT THIS ERROR

Bug in use case UC35 Sponsor lists and creates sponsorships

Description

When you are **authenticated as a sponsor** and you are trying to create a new sponsorship, if you introduce in the input Banner this URL: “Esto no es una URL”, you should see an error view like this.

Sponsorship

The screenshot shows a web form titled "Sponsorship". It has two input fields: "Banner*" and "Target*". The "Banner*" field contains the text "Esto no es una URL" and has a red error message "Invalid URL" displayed below it. The "Target*" field contains the text "http://google.com". At the bottom of the form are two buttons: "Save" and "Cancel".

We have injected a bug that you will be able to fill the form with a string that is not an URL in the input Banner.
