Outcome	Expected results and outcome are the same.
Notes	Expected results and outcome are the same.

Test 2.2	
Description	We are going to register a trainer with a username already used. The form must be filled in with the following data:
	Name: TrainerTest
	Middle Name: TrainerTest
	Surname: TrainerTest
	Photo: http://www.google.com
	Email: trainertest@us.es
	Phone Number: 639521012
	Address: Calle Test
	Username: trainer1
	Password: trainerTest
	Confirm password: trainerTest
	Then, check 'Terms and conditions' and 'Data processes' checkboxes and
	press 'Save' button.
F	
Expected	The system must return to the same page with the followings errors:
	User Account Information
	Username *: trainer1
	Password *:
	Tassword .
	Confirm password *:
	Commin password .
	Authority TRAINER
	Tuddotty Trouver
Outcome	Expected results and outcome are the same.
Notes	

Use case 03 An actor who is authenticated must be able to: Edit his or her personal data.

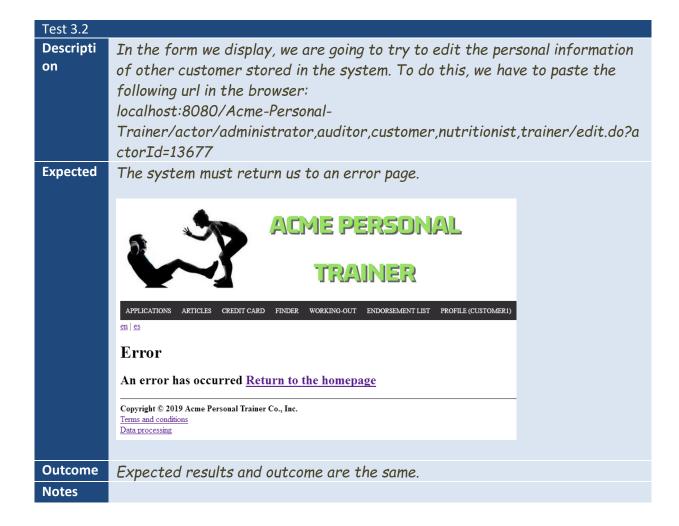

Description

An authenticated user edits his/her personal data. The user displays the profile, access to edit personal data form and updates any field, finally save it.

Access

Main menu > Login form > Fills login form with customer1/customer1 > Display profile menu option > Edit personal data link.

Test 3.1	
Description	In the form we display, we have to update the field called 'Address' with the following data: Address: Calle Test Finally press 'Save' button.
Expected	The system must return us to the profile of the actor with the updated information. Personal Information Full name: Customer1 customer Email: customer1@gmail.com Photo: Phone Number: +34 630417654 Address: Calle Test Edit Personal Information
	Export data
Outcome	Expected results and outcome are the same.
Notes	

Use case 04 An actor who is authenticated must be able to exchange messages with other actors and manage them, which includes listing, showing, sending and deleting them.

Description

An authenticated user sends a message and lists his or her sent messages. The sent messages are in out box.

Access

Main menu > Login menu option > Fill the form with trainer1/trainer1 > Profile menu option > Box list > "Send a new message" link.

Confirm password: administratorTest	
Then, check 'Terms and conditions' and 'Data processes' che	ckboxes and
press 'Save' button.	
The system must return us to the same page with this erro	r code:
Personal Information Name *: Must not be blank	
Name . Name .	
Middle Name: administratorTest	
Surname *: administratorTest	
Photo: http://www.google.com	
Email *: administratortest@us.es	
Phone Number: 639521012	
Address: Calle Test	
Outcome Expected results and outcome are the same.	
Notes	

Use case 17 An actor who is authenticated as administrator must be able to manage the catalogue of categories, which includes listing, creating, updating and deleting them.

Description

An administrator lists categories and creates a new one.

Access

Main menu > Login menu option > Fill the form with admin1/admin1 > Administrator menu option > Category list > "Create a new category" link.

ACME PERSONAL
TRAINER

Welcome!

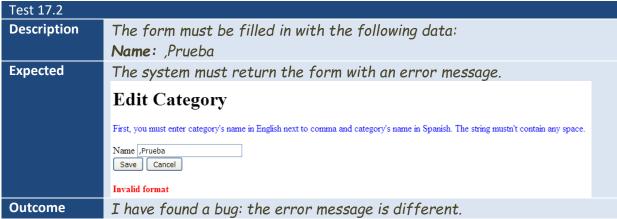

Acme Personal Trainer

Welcome to Acme Personal Trainer! Price, quality, and trust in a single place

Current time is 01/06/2019 17:28

Test 17.1	
Description	The form must be filled in with the following data:
	Name: Stretching, Estiramientos
Expected	The system must return category list. You should find the new category in second page.
	in second page.

	Edit Category	
	First, you must enter category's name in English next to comma and category's name in Spanish. The string mustn't contain any space. Name	
	Cannot commit this operation	
Notes	This use case has been executed after former test. The database hasn't	
	been populated again.	

Use case 18 An actor who is authenticated as administrator must be able to manage the catalogue of categories, which includes listing, creating, updating and deleting them.

Description

An administrator edits a category.

Access

Main menu > Login menu option > Fill the form with admin1/admin1 > Administrator menu option > Category list > "Edit" link.

Use case 22 Manage his or her curriculum: Create/Display

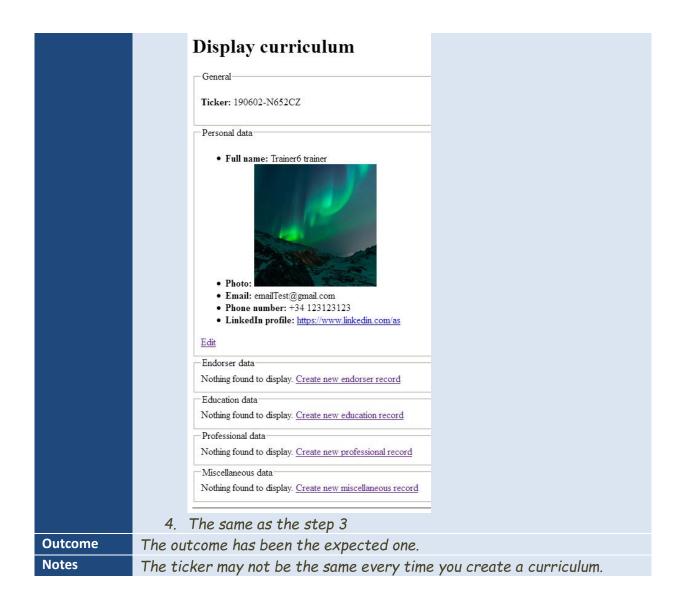

Description

A user authenticated as trainer wishes to create his curriculum and display it; he fills a form and hits the "Save" button.

Access

You must be authenticated as a Trainer. In order to get to the form, you must click on "Main Menu > Curriculum".

Test 22.2	
Description	1. Log in as "trainer6/trainer6".
	2. Go to "Main Menu > Curriculum".
	3. Fill the form with empty/incorrect values and click on "Save"
	button. See the note below.
	4. Click on "Cancel" button.
	5. Go to "Main Menu > Curriculum" again.
	Fill the form with empty/incorrect values and click on "Save"
	button. See the note below.
	7. Fill the form with correct values and click on the "Save" button.
Expected	Expected results for each step:
	Output expected with empty values:

Create curriculum Your curriculum have not been created yet. Please, fill the following form to do s Full name: Trainer6 trainer Photo: https://examplePhotoUrl.com | Must not be blank Email: Must not be blank Phone number: +34 (111) 654654654 Must not be blank LinkedIn profile: https://www.linkedin.com/... Must not be blank Does not match pattern Save Cancel With each one of the other incorrect values, the system must show a descriptive error message (not generic errors like "Cannot commit this operation" but specific ones like "Invalid URL"). 4. Should redirect to the welcome page without any kind of error. 7. Should redirect to the Display curriculum view without any kind of error. **Outcome** The outcome has been the expected one. Notes Full name must match with the full name of the actor principal. Linkedin profile must be URLs and it must match the pattern "https://www.linkedin.com/...". When the phone number does not match an expected pattern, the system must show a confirmation message. Photo must be a valid URL. Email must match one of the following patterns: "identifier@domain", "alias <identifier@domain>".

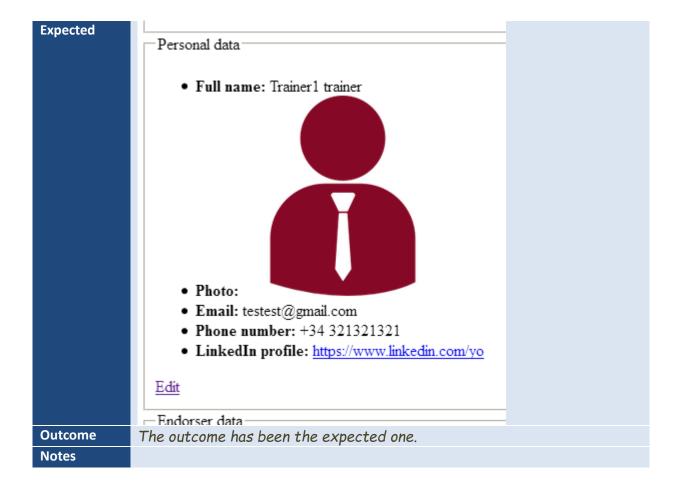

Use case 23 Manage his or her curriculum: Edit personal record *Description*

A user authenticated as trainer wishes to edit the personal record of his curriculum; he displays the curriculum to be edited; he hits the edit button in the personal data field set; he fills the form with the desired data; he hits the "Save" button.

Access

You must be authenticated as a Trainer. In order to display the curriculum, you must click on "Main Menu > Curriculum".

Test 23.2	
Description	 Log in as "trainer1/trainer1".
	2. Go to "Main Menu > Curriculum".
	Click on "Edit" link in the field set of Personal data.
	4. Set the value of any field to an empty/incorrect value and then
	click on the "Save" button. See the note below.
	5. Click on "Cancel" button.
	6. Go to "Main Menu > Curriculum" again.
	7. Click on "Edit" link in the field set of Personal data.
	8. Set the value of any field to an empty/incorrect value and then
	click on the "Save" button. See the note below.
	9. Fill the form with correct values and click on the "Save" button.
Expected	Expected results for each step:
	4. Output expected with the field "Statement" empty

	Edit personal data			
	Full name: Trainer1 trainer			
	Photo: https://deca.upc.edu/ca/persc			
	Email: Must not be blank			
	Phone number: 631047853			
	LinkedIn profile: https://www.linkedin.com/p1			
	Save Cancel			
	With each one of the other incorrect values, the system must			
	show a descriptive error message (not generic errors like "Cannot			
	commit this operation" but specific ones like "Invalid URL"). 5. Should redirect to the Display curriculum view without any kind of			
	error.			
	Should redirect to the Display curriculum view without any kind of error.			
Outcome	The outcome has been the expected one.			
Notes	Full name must match with the full name of the actor principal. Linkedin			
	profile must be URLs and it must match the pattern			
	"https://www.linkedin.com/". When the phone number does not match an expected pattern, the system must show a confirmation message.			
	Photo must be a valid URL. Email must match one of the following			
	patterns: "identifier@domain", "alias <identifier@domain>".</identifier@domain>			

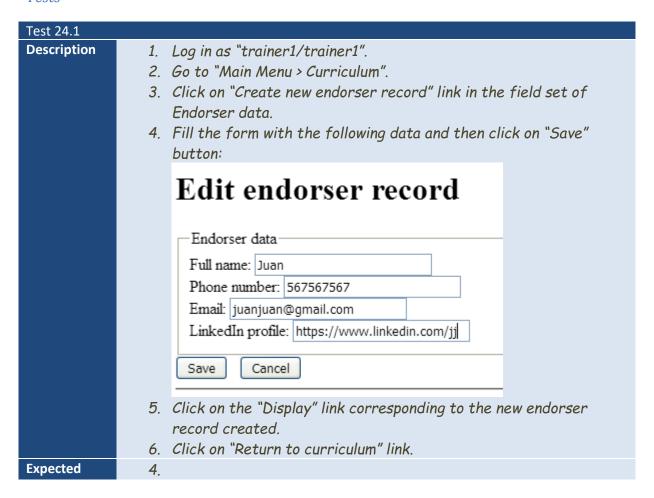

Use case 24 Manage his or her curriculum: Create/List/Display endorser record

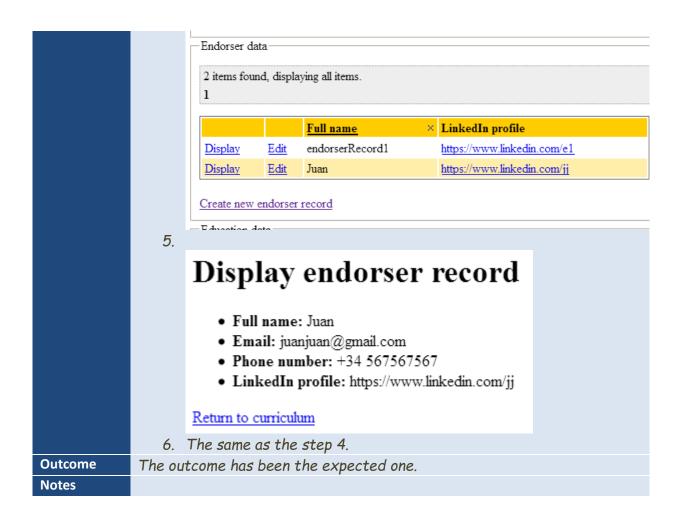

Description

A user authenticated as trainer wishes to add an endorser record in his curriculum and display it; he hits the "Create new endorser record" link; he fills the form with the desired data; he hits the "Save" button.

Access

You must be authenticated as a Trainer. In order to display the curriculum, you must click on "Main Menu > Curriculum".

Test 24.2	
Descriptio	 Log in as "trainer1/trainer1".
n	2. Go to "Main Menu > Curriculum".
	 Click on "Create new endorser record" link in the field set of Endorser data.
	 Fill the form with empty/incorrect values and click on the "Save" button. See the note below.
	5. Click on "Cancel button".
	6. Click on "Create new endorser record" link again.
	 Fill the form with empty/incorrect values and click on the "Save" button. See the note below.
	8. Fill the form with correct values and click on the "Save" button.
Expected	Expected results for each step: 4. Output expected with empty values:

Edit endorser record Endorser data Must not be blank Full name: Phone number: +34 (111) 654654654 Must not be blank Email: Must not be blank LinkedIn profile: https://www.linkedin.com/... Must not be blank Does not match pattern Cancel Save With each one of the other incorrect values, the system must show a descriptive error message (not generic errors like "Cannot commit this operation" but specific ones like "Invalid URL"). 5. Endorser data One item found. Full name × LinkedIn profile **Display** endorserRecord1 Edit https://www.linkedin.com/e1 Create new endorser record Education data 8. Should redirect to Display curriculum view without any kind of error and with the new endorser record created in the Endorser record list. **Outcome** The outcome has been the expected one. **Notes** Linkedin profile must be a valid URL and it must match the pattern "https://www.linkedin.com/...". When the phone number does not match an expected pattern, the system must show a confirmation message. Email must match one of the following patterns: "identifier@domain", "alias <identifier@domain>".

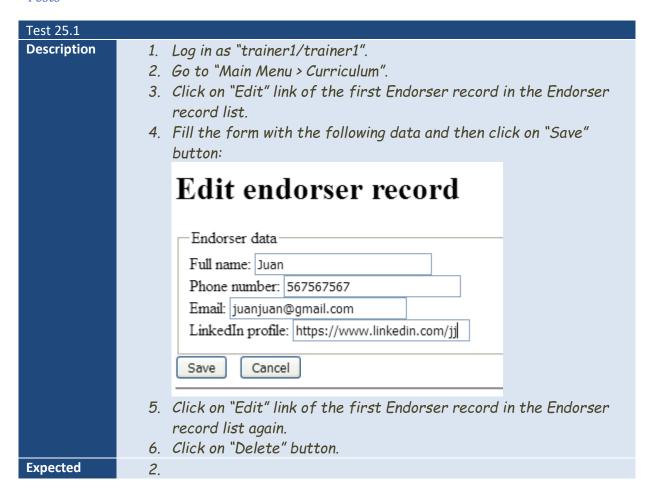

Use case 25 Manage his or her curriculum: Edit/Delete endorser record.

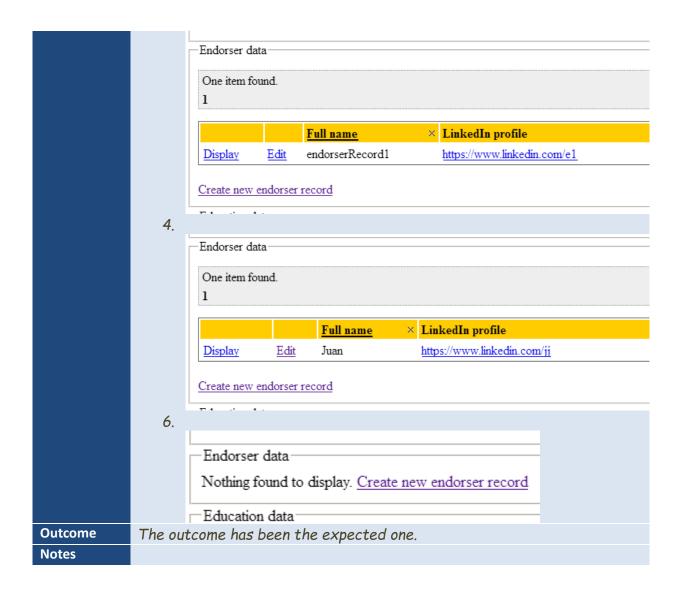

Description

A user authenticated as trainer wishes to edit an endorser record in his curriculum and delete it; he displays the curriculum to be edited; he hits the "Edit" link of the endorser record he wishes to edit; he fills the form with the desired data; he hits the "Save" button; he hits the "Edit" link again; he hits the "Delete" button.

Access

You must be authenticated as a Trainer. In order to display the curriculum, you must click on "Main Menu > Curriculum".

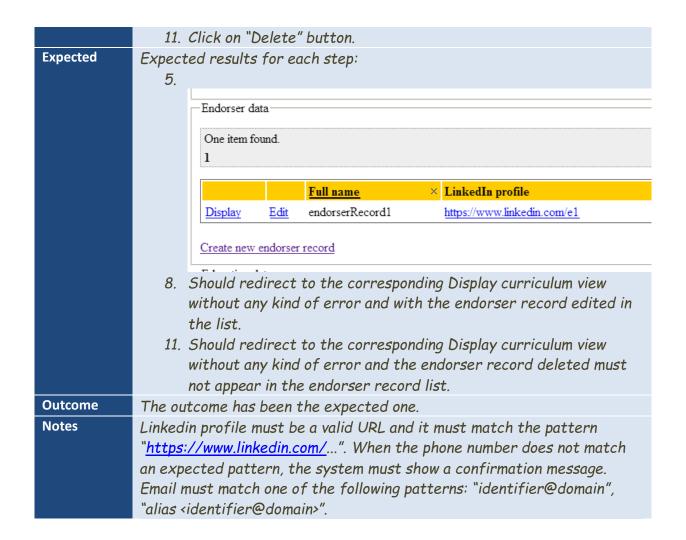

Test 25.2

Description

- 1. Log in as "trainer1/trainer1".
- 2. Go to "Main Menu > Curriculum".
- 3. Click on "Edit" link of the first Endorser record in the Endorser record list.
- 4. Set the value of any field to an incorrect value and click on the "Save" button. See the note below.
- 5. Click on "Cancel" button.
- 6. Click on "Edit" link of the first Endorser record in the Endorser record list again.
- 7. Set the value of any field to an incorrect value and click on the "Save" button. See the note below.
- 8. Fill the form with correct values and click on the "Save" button.
- 9. Click on "Edit" link of the first Endorser record in the Endorser record list again.
- 10. Set the value of any field to an incorrect value and click on the "Save" button.

Use case 26 Manage his or her curriculum: Create/List/Display education record

Description

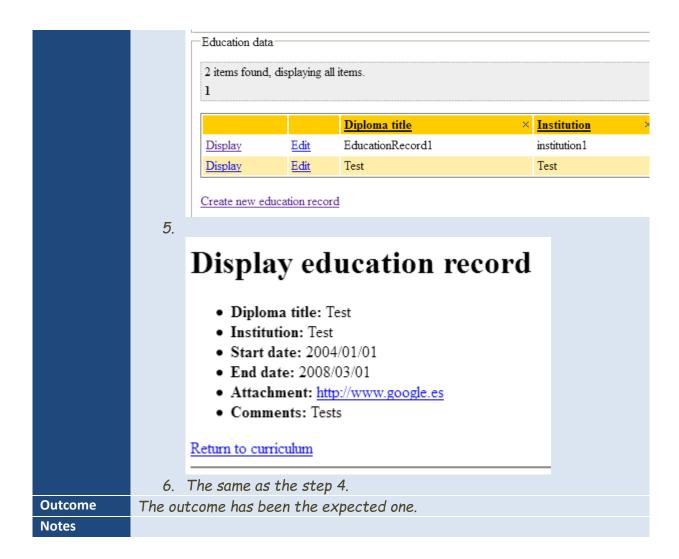

A user authenticated as trainer wishes to add an education record in his curriculum and display it; he hits the "Create new education record" link; he fills the form with the desired data: he hits the "Save" button.

Access

You must be authenticated as a Trainer. In order to display the curriculum, you must click on "Main Menu > Curriculum".

Tests

Test 26.1 Description 1. Log in as "trainer1/trainer1". 2. Go to "Main Menu > Curriculum". 3. Click on "Create new education record" link in the field set of Education data. 4. Fill the form with the following data and then click on "Save" button: Edit education record Education data Diploma title: Test Institution: Test Start date: 01/01/2004 End date: 01/03/2008 Attachment: http://www.google.es Tests Comments: Cancel Save 5. Click on the "Display" link corresponding to the new education record created. 6. Click on "Return to curriculum" link. **Expected**

Use case 31 Manage his or her curriculum: Edit/Delete miscellaneous record

Description

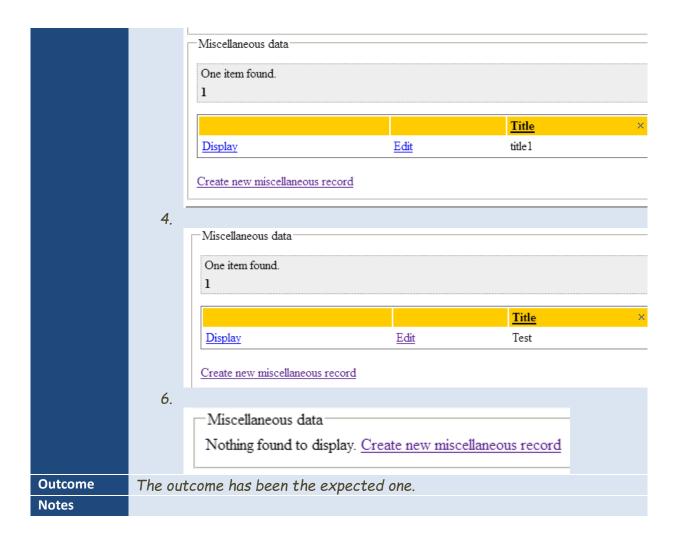

A user authenticated as trainer wishes to edit an miscellaneous record in his miscellaneous and delete it; he displays the curriculum to be edited; he hits the "Edit" link of the miscellaneous record he wishes to edit; he fills the form with the desired data; he hits the "Save" button; he hits the "Edit" link again; he hits the "Delete" button.

Access

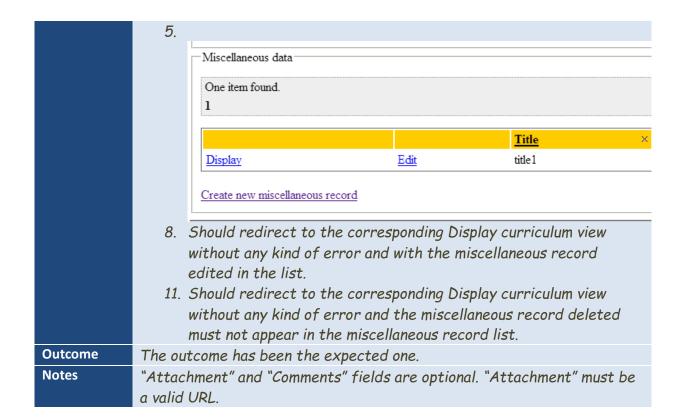

You must be authenticated as a Trainer. In order to display the curriculum, you must click on "Main Menu > Curriculum".

Tests

Test 31.1 Description 1. Log in as "trainer1/trainer1". 2. Go to "Main Menu > Curriculum". 3. Click on "Edit" link of the first Miscellaneous record in the Miscellaneous record list. 4. Fill the form with the following data and then click on "Save" button: Edit miscellaneous record Miscellaneous data Title: Test Attachment: http://www.google.es Tests Comments: Cancel Save 5. Click on "Edit" link of the first Miscellaneous record in the Miscellaneous record list again. 6. Click on "Delete" button. **Expected** 2

Test 31.2	
Description	1. Log in as "trainer1/trainer1".
	2. Go to "Main Menu > Curriculum".
	 Click on "Edit" link of the first Miscellaneous record in the Miscellaneous record list.
	 Set the value of any field to an incorrect value and click on the "Save" button. See the note below.
	5. Click on "Cancel" button.
	 Click on "Edit" link of the first Miscellaneous record in the Miscellaneous record list again.
	7. Set the value of any field to an incorrect value and click on the "Save" button. See the note below.
	8. Fill the form with correct values and click on the "Save" button.
	9. Click on "Edit" link of the first Miscellaneous record in the Miscellaneous record list again.
	10. Set the value of any field to an incorrect value and click on the "Save" button.
	11. Click on "Delete" button.
Expected	Expected results for each step:

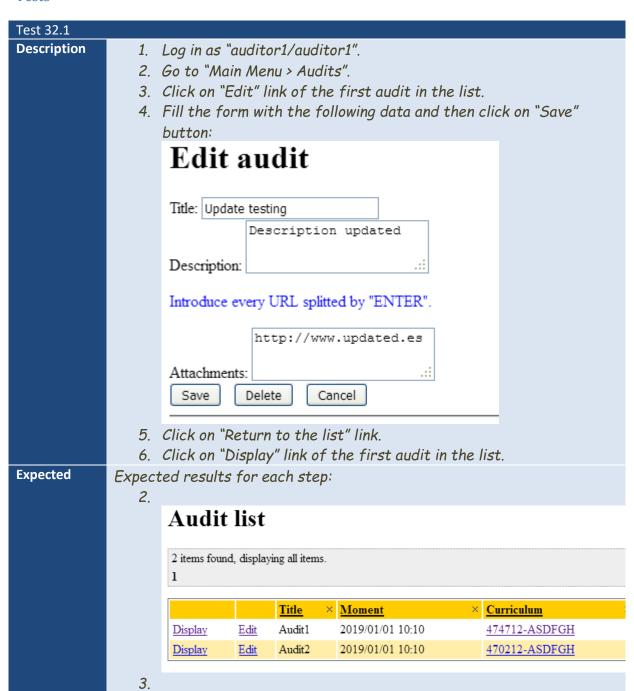

Use case 32 Manage his or her audits: Edit/Display

Description

A user authenticated as auditor wishes to edit one of his audit and display it; he selects one of his audits to edit: he fills a form and hits the "Save" button.

Access

You must be authenticated as an Auditor. In order to get to the audit list, you must click on "Main Menu > Audits".

	Edit audit
	Title: Audit1
	Description audit1 Description: .::
	Introduce every URL splitted by "ENTER".
	http://www.attachment.
	Attachments: .:: Save Delete Cancel
	4.
	Display audit
	Curriculum: 474712-ASDFGH Title: Update testing
	Description: Description updated
	Creation moment: 2019/01/01
	Attachments: http://www.updated.es
	Return to the list
	5. The same as the step 2
	6. The same as the step 4
Outcome	The outcome has been the expected one.
Notes	

Test 32.2	
Description	1. Log in as "auditor1/auditor1".
	2. Go to "Main Menu > Audits".
	Click on "Edit" link of the first audit in the list.
	4. Set any field of the form with an empty/incorrect value and click
	on the "Save" button. See the note below.
	5. Click on "Cancel" button.
	Click on "Edit" link of the first audit in the list again.
	7. Set any field of the form with an empty/incorrect value and click
	on the "Save" button. See the note below.
	8. Fill the form with correct values and click on the "Save" button
Expected	4. Output expected with empty value in the "Title" field:

	Edit audit
	Title: Must not be blank Description audit1
	Description: .::
	Introduce every URL splitted by "ENTER".
	http://www.attachment. es Attachments: .:: Save Delete Cancel
	With each one of the other incorrect values, the system must show a descriptive error message (not generic errors like "Cannot commit this operation" but specific ones like "Must not be blank"). 5. Should redirect to Audits list view without any kind of error. 8. Should redirect to Display view of the audit edited without any kind of error.
Outcome	The outcome has been the expected one.
Notes	"Title" and "Description" must not be blank. "Attachments" is an optional field, but if you fill it, the value must be valid URLs split by carriage return.

Use case 33 Manage his or her audits: Create/Delete

Description

A user authenticated as auditor wishes to create an audit and delete it; he displays one of the curriculum that he wants to audit; he fills a form and hits the "Save" button; he edit the audit created: he hits the "Delete" button.

Access

You must be authenticated as an Auditor. In order to get to the audit list, you must click on "Main Menu > Audits".

In order to get to the Display curriculum view, you must click on "Main Menu > Trainers". Then you must display the profile of one of the trainers in the list. In the profile, click con "Curriculum" link.

Tests

Test 33.1 Description 1. Log in as "auditor1/auditor1". 2. Go to "Main Menu > Trainers". 3. Click on "Display profile" link of the third trainer in the list. 4. Click on "Curriculum" link:
